BIOGRAPHY

My name is Wilfred Reign, I am a self taught Front-End Web Developer and junior full-stake web developer (MERN STACK). I started out web development in late 2019, learning basic languages like CSS, HTML and Javascript. Thanks to web development learning apps availablesonline, examples including grasshopper, sololearn, mimo code and a class of youtube channels with dedicated teachers.
I had a basic programming knowledge, but i managed to learn javascript frameworks particularly react js.
